

## Possible Book Topics

Schools in India and Uganda have the opportunity to request books in the following subject areas. Once you register, you'll have the opportunity to view book requests and demographics from specific schools. You can choose which school to sponsor based on their book requests. We have tens of thousands of book requests, so you should have no problem finding an appropriate match for your school. **Please do not begin making books until you've registered and had a chance to choose a school to sponsor.**

	Topics	Elementary (ages 3-9)	Intermediate (ages 10-14)	Advanced (ages 15+)
